Star is the movie that will stick in your mind forever. When the rich people's son's brother dies in an accident, his family and friends decide to make a movie out of it. It is a great family film about a kid who is a star in his own right. The family is at a loss to comprehend what happened to his son. But the movie is a hit with audiences, who give it the highest score out of the 20 movies in the series. Review.
